

HYDROTHERAPY

Recline in the European hydrotherapy tub for a relaxing therapeutic soak, underwater massage, or Lymphatic treatment. The tub is sanitized prior to each service, and the waters are recreated fresh for each client. Surrounded by candlelight, this private, sophisticated bath experience is a habit worth forming. You will wish you had discovered this sooner!

Candlelight Soak

A soothing massage from 47 air jets and aromatic bath salts promote deep relaxation and invigorate fatigued muscles. A pressure-point scalp massage ensures an unforgettable experience. The perfect prelude to a body treatment or massage.
